

Teleport

IrDA EVA DTS readouts from 3rd party Master and offline mode machines

The Televend Teleport connects to a fillers' smartphone and Staff App to read EVA DTS from any 3rd party Master. With Teleport, the Televend Cloud can support your offline machines and get EVA DTS data with every filler visit. One Teleport is used per filler.

Technical specifications

- Dimensions: **65 x 30 x 15 mm**
- Temperature range in vending machine: **-20°C to +55 °C**
- Humidity in vending machine: **Up to 90% RH non-condensing**
